## GENTEX NORBO

## UNCLASSIFIED

## GROUND HELMET CHECK LIST

1. First fill out all information below (Country to E-Mail).
2. Then check desired helmet box, and select required specs. This way we'll find the $P / N$. You can make two different configurations.
3. If you know the Part Number, write down in its box. In this case you don't require to select specs.
4. If you uncheck helmet box, related helmet specs will be reseted.
5. For more technical details click on helmet picture (internet connection is required).
